

Spit Roasts

Rotisserie Spits are great to catch your guests' attention, whether that is the theatrics of the cooking, carving or simply the tantalising smells which are produced.

The locally sourced meat from our butchers; is seasoned, basted and slowly roasted over a set period of time to create a rich, tender, flavoursome final product.

We are able to tailor our packages on offer, to provide different alternatives to certain dietaries for individuals. We are able to offer gluten free buns, vegan and dairy free substitutes and can allow for certain allergens.
