## Drinks at your event

---

*There are two ways to supply drink for your guests at your event*

### **Purchasing from our wine & champagne selection**

You will find a pdf on the website ([www.sueco.gg](http://www.sueco.gg)) with our current wines & champagnes collection. This selection is reviewed on an annual basis, has been tasted and reflects a good mix of grapes from both new & old worlds.

We are not tied or affiliated to any specific supplier on the island, so if there is a particular favourite that does not appear on our list and you would like us to serve it at your event please do not hesitate!

If you are planning a large event (200+ guests) we would recommend that you purchase all wines and champagnes through us.

### **Sourcing and purchasing the wine & champagne independently**

The term corkage is used where you purchase the wine and we handle it. It is one of the most misconceived terms in the hospitality world, where commonly people think that corkage is a charge to take the cork out of a bottle of wine, however below we have defined what exactly you get from your corkage service charge:

- Appropriate pre event & event storage
- Transport to & from the event (if appropriate)
- Washing up all glassware
- Responsible disposing of glass & cardboard
- The option of sale & return

#### **Corkage on Wine**

£8.00

#### **Corkage on Champagne & Sparkling Wines**

£10.00

### **Glass hire at smaller events**

There are of course situations where you are organising an event for small numbers where you have the capacity at the venue/your house to store all the wine appropriately. In this situation we are able to provide you with glasses for a nominal cost, depending on numbers of guests and range of glasses required.

### **Our guarantee**

Whether you source the wine through ourselves or use our corkage service you will have the peace of mind that we will organise this professionally and efficiently.
